

**MCAA STATE TOURNAMENT  
KALISPELL, MT  
FEBRUARY 17-20<sup>th</sup>**

**Spectator Restrictions:** Stillwater will be allowing *2 spectators per athlete/coach AND/OR a maximum number of 50 spectators per team (per Flathead County Health Department Guidelines and Restrictions)*. It is strongly recommended that each organization's athletic director handle "who" is coming to the State Tournament within their own organization. Stillwater will have a check-in sheet with each player and coach from each team listed. When spectators show up to enter the game, the admission's gate will record the name of the spectator next to the appropriate coach or player they are here to watch. Each team will more than likely have "extra spectator slots" that can be filled. When the maximum number of spectators is reached, Stillwater will not allow any more spectators in the game EVEN if the other team has spectator slots open. Thank you for your help with this!

One coach per team will be allowed to watch other games. (A girl's coach can watch any of the other girls' games and a boy's coach can watch any of the other boys' games) There will be a designated "coaches" area in the gym. We do ask that your stat keepers, managers, and coaches sit on the sideline during games; the bleachers and crowd's nest will be reserved for spectators "only".

**Masks and Social Distancing:** Masks and/or face coverings are required to be worn while at Stillwater Christian School. The entire facility will also be organized to help encourage social distancing as well. Thank you for your cooperation in this matter as we are aiming to have a great tournament while living and surviving during COVID-19.
